

# ACTION PLAN FOR IMPLEMENTATION OF BUDGET ANNOUNCEMENTS 2016-17

Sl. No.	Para No. (Budget Speech)	Department	Item	Proposed Action
[1]	[2]	[3]	[4]	[5]
1	14.1	Planning & Development	In the background of the changes in planning process in the country, the state was empowered to plan rather than depending on central agencies like erstwhile Planning Commission, we need to restructure and reorient the planning and budgeting process. As part of this, our Government proposes to merge Planning and Development department with the Finance Department.	<ul style="list-style-type: none"> <li>Action plan &amp; timelines by 15/09/2016 in consultation with Finance Dept</li> <li>Recommendations by 30/10/2016.</li> </ul>
2	14.2	Planning & Development	Entire classificatory framework of the budget. By abolishing the plan and the non-plan bifurcations, we shall move to a revenue and capital accounting system. Being a systemic change, it will be a work in process and it will progress substantially in 2017-18 and thereafter it will stabilize.	<ul style="list-style-type: none"> <li>Workshop with resource groups such as NIPFP, etc. Before 15/09/2016.</li> <li>Detailed action plan &amp; timelines by 30/9/2016.</li> </ul>
3	14.3	Planning & Development	To implement the process systematically and scientifically. Despite of the fact that we are just two months old in the Government, we have been able to prune down and improve some of the heads of accounts with an aim to improve the governance.	<ul style="list-style-type: none"> <li>No Action</li> </ul>
4	14.4	Planning & Development	The provisioning figures of monies in the budget is one aspect. But, more important is that to provide them in the budget in such a way that the monies are drawn seamlessly but with full accountability. For that, the funnel, through which money flows, needs to be wide, clean, clear and uncluttered. This funnel is nothing but classified heads of accounts and procedure to draw the monies.	<ul style="list-style-type: none"> <li>No Action</li> </ul>
5	14.5	Public Works	In Public Works Department (Roads), till last year, the budget had 11 different places to reflect the road maintenance provisions. I do not want to get into the reasons behind this. But, the PWD has to process 11 different ways to draw the monies from the State Exchequer. Now, I propose in the current budget that all these 11 accounts will be merged into 3 accounts this year and will become only two during next year. This comes with another positive development that the Government proposes to increase overall allocation for such road maintenance to Rs 600 crores from about Rs.300 crore during the last year. Out of this Rs 600 crore will go to Assam Road Maintenance Fund as Grant-in-Aid (GIA).	<ul style="list-style-type: none"> <li>Department shall prepare a roadmap/ action plan for optimum utilisation of the road maintenance fund by 15/09/2016</li> </ul>
6	14.5	Public Works	Even, we are proposing that at least 70-80 percent of roads should be divided into viable packages for 5 year maintenance contracts at least from next year onwards so as to ensure economy and efficiency.	<ul style="list-style-type: none"> <li>Guidelines and action plan by 30/09/16</li> <li>DPRs of Packages ready by 31/12/16</li> <li>Sanction by 15/02/2017 for 2017-18 onwards</li> </ul>
7	14.6	Finance	Next year we will completely overhaul the classification	<ul style="list-style-type: none"> <li>Necessary steps will be taken by Finance Department in this regard.</li> <li>Detailed action plan by 15/09/2016</li> </ul>
8	15.4	Public Works	The procedures and conventions followed for preparation of cost estimates are also required to be relooked at. The PWD has been asked to examine the possibility of fixing the rates and vendors for items like cement and steel separately so that the contractors can purchase from their at discounted prices rather than loading the same at higher rates in the name of Schedule Of Rates (SOR)	<ul style="list-style-type: none"> <li>Department shall prepare draft action plan to move to this modified SOR system by 30th September 2016</li> </ul>
9	15.7	Finance	Assam Road Maintenance Fund as Grant-in-Aid (GIA)	<ul style="list-style-type: none"> <li>Issuance of notification by 15/9/2016</li> </ul>

246	57	Revenue & Disaster Management (Registration)	The present rate of stamp duty in case of registration of a property is 2% for women solely and jointly with others and such stamp duty is 3% in case of male or other juridical person. In order to give a better social and economic security to our women, I propose to reduce the stamp duty from existing 2% to 1% in case of women. However, if a property is jointly registered in the name of women, the current rate of 2% stamp duty will be maintained. But, in case the property is registered exclusively in the name of a male or other juridical person, I propose to raise the rate of stamp duty from 3% to 4%. I sincerely hope that this measure will encourage more registration of properties in the name of our mothers and sisters thereby giving them additional socio-economic security. Similarly, in case of registration fee of properties, while I propose to maintain the existing rate of 1% for women and 2% for joint registration with women, I propose to enhance the registration fee from 2% to 3% in case of male or other juridical person.	<ul style="list-style-type: none"> <li>Notification by 30-09-2016</li> </ul>
