Constitution of the 7th Assam State Finance Commission

GOVERNMENT OF ASSAM FINANCE(ECONOMIC AFFAIRS) DEPARTMENT DISPUR :: GUWAHATI-06 NOTIFICATION

ORDER BY THE GOVERNOR

NoFEA(SFC)31/2023/138

Dated Dispur the July 01,2024

In pursuance of the provisions of Article 243-land 243-Y of the Constitution of India read with the provisions of Section 2(1) of the Finance Commission (Miscellaneous Provisions) Act, 1995, the Governor of Assam is pleased to constitute the Seventh Assam State Finance Commission consisting of Lieutenant General Rana Pratap Kalita, PVSM, UYSM, AVSM, SM, VSM (Retd.) as the Chairman and the following other members: -

1	The Senior Most Secretary, Finance Department.	Member
2	The Senior Most Secretary, Panchayat and Rural Development Department.	Member
3	The Senior Most Secretary, Department of Housing and Urban Affairs	Member
4.	Shri Debeswar Malakar, IAS (Retd.)	Member
5	Prof. Mrinal Kanti Dutta, Economist, IIT-G	Member (Expert)
6.	The Special Secretary, Finance Department.	Member Secretary

2 The Commission shall make recommendation as to the following matters:-

- a) The principles, which should govern-
 - i) the distribution between the State of Assam and the Panchayats and Municipalities of the net proceeds of the taxes and duties, levied and collected by the State;
 - ii) the determination of the taxes, duties, tolls and fees, which may be assigned to, or appropriated by, the Panchayats and Municipalities;
 - iii) the grants-in-aid to the Panchayats/ Municipalities from the Consolidated Fund of the State;
- b) The measures needed to improve the financial position of the Panchayats and Municipalities with special references to:-
 - i) The potential for Local Governments to raise funds from financial institutions and the market, and to suggest a mechanism and frame work for realizing the potential;
 - ii) improving the quality of up keep of assets owned by Local Governments as well as those transferred to Local Governments;
 - iii) improving the financial position of the Panchayats and Municipalities with special emphasis on rationalization of taxes and revenues and user charges collected by Local Governments with innovative methods;
 - iv) achieving economy and efficiency in expenditure by Local Governments;
 - v) providing incentives for higher mobilization of own resources by the Local Governments;
 - vi) maintaining a proper fiscal data base relating to Local Governments;
 - vii) putting in place measures required for improving the capacity of financial management by Local Governments;
 - viii) improving monitoring of the fiscal performance of the Local Governments;

- ix) improving the measures for quality of service delivery of Local Governments in respect of State Government as well as Local Government programmes;
 - x) Examine the feasibility and make recommendations on creation of urban infrastructure and other civic amenities by the Urban Local Bodies through Public-Private partnership and exploring avenues of viability gap funding.
- g. Any other matter referred to the State Finance Commission by the Governor in the interests of sound financial position of the Panchayats and Municipalities.
3. In making its recommendations the Commission shall have regard, among other considerations, to:-
- i) the objective of balancing the receipts and expenditure on revenue account of both the Local Bodies as a whole and the State Government and each Local Body;
 - ii) the resources of State Government, the demands thereon, in particular, the expenditure of the State on maintaining law and order, civil administration, pension, debt servicing including the debt servicing on behalf of Local Bodies and other committed expenditure and need to generate adequate surplus on revenue account for capital outlay and the commitment for maintaining fiscal targets as per Assam FRBM (Amendment) Act, 2022;
 - iii) the revenue of the resources of the Local Bodies for the five years commencing on 1st April, 2025 on the basis of the level of collection made during 2019-20 from taxes, duties, tolls, fees, cess etc. levied by the them;
 - iv) The impact of the GST, including payment of compensation for possible loss of revenue for 5 years and abolition of a number of cess, earmarking thereof for compensation and other structural reforms programme, on the finances of Centre and States;
 - v) The commission may consider proposing measurable performance-based incentives for Local Bodies and councils
4. In making its recommendations on the various matters aforesaid, the Commission shall adopt the population figures of that Census for which PRI- wise and ULB-wise figures are available in all cases where population is regarded as a factor for determination of devolution of taxes and duties and grants-in-aid
5. The Commission shall indicate the basis on which it has arrived at its finding and make available the Local Body wise estimates of receipts and expenditure.
6. The Commission shall prepare its report on the basis of the Templates of the 13th Finance Commission of Government of India, with such modifications as may be necessary.
7. While making assessment of the resources of the Local Governments, the Commission shall also make recommendation on devolution and grant-in-aid for the Local Bodies of the three Autonomous Councils under the Sixth Schedule.
8. The Commission shall make its report available to the Governor of Assam by 16th December, 2024 on each of the matters aforesaid, covering period of five years commencing on the 1st April, 2025.

Conduct of Training and Workshops

Minutes of the Meeting on Workshop for PRIs Questionnaires of 7th Assam State Finance Commission (ASFC) held on 31/07/2024 at SIPRD, Khanapara, Guwahati.

A meeting cum workshop of the 7th Assam State Finance Commission was held on 31/07/2024 under the Chairmanship of the Hon'ble Chairman, Lieutenant General Rana Pratap Kalita, PVSM, UYSM, AVSM, SM, VSM (Retd.) in the presence of Hon'ble Members of the Commission. The meeting was attended by Senior Officers of P&RD Department, CEOs of Zilla Parishads, Project Directors of DRDA and officials of Finance Department.

At the very outset, Shri Hemanta Kr. Dewri, Special Secretary, Finance Department & Member Secretary, 7th ASFC, explained the aim and objectives of the Workshop. He added that,

- for the smooth functioning of the ASFC, the Commission must have a clear idea of the ground reality,
- therefore, a questionnaire has been shared with all the districts which will fetch the details of the financial status of the local governing bodies and
- based on the data provided by the districts, a clear path towards holistic rural development shall be laid down within the stipulated time.

Dr. J.B. Ekka, Principal Secretary, P&RD Dept. and Member, 7th ASFC in his keynote address explained that,

- for the smooth functioning of local governing bodies like Gaon Panchayats, they must be self-sustained in terms of revenue generation.
- To get an accurate recommendation on how the local bodies can generate revenue and perform well from the ASFC, the report submitted by the districts should be accurate and detailed.

He also requested all the CEOs & PDs to understand the format, analyse the data and submit the reports promptly so that the recommendation process can be completed within time.

Hon'ble Chairman, 7th ASFC, in his remarks, emphasised that the reports submitted by the districts will help to formulate principles for devolution of fund from States to LBs and to plan developmental projects in the next 5 years.

Further, he suggested:

- All the questionnaires should be explained to the GPs properly.
- The filled-up questionnaires must be submitted by 02.09.2024.
- The existing system of GP will be used to submit the Data.
- A Video Conference may be conducted to interact with the GP/ AP members.

The Hon'ble Chairman, 7th ASFC, also urged the districts to share development ideas and best practices adopted by them so as to incorporate the same in the report of the Commission.

Smti. Debleena Sengupta Das, Joint Director, Finance (Economic Affairs) Department explained the Questionnaires on PRIs and shared that,

- There will be 3 sets of Questionnaires which will be filled up by the ZPs, APs and GPs respectively.
- Proper care must be taken in putting the population figure (as per Census, 2011);
- Amounts must be reflected in proper units (Rs. in thousand);
- ZPs & APs must take proper care while scrutinizing and compiling the data regarding units in which the amounts are reported.
- The PRIs must prioritize the demands for the next five years with proper justifications.

- **The required information must be submitted within the stipulated time (02/09/2024)**
- As the Commission is going to visit the PRIs shortly, a Memorandum may be kept prepared for submission to the Commission.
- The field visit programme of the AFSC members will be shared in due time.

Shri Debeswar Malakar, IAS (Retd.), Member, 7th ASFC added that districts should arrange a ground level meeting for coordination with the staff from all the levels of PRIs.

Shri Mrinal Kanti Dutta, Economist, IIT, Guwahati, Member, ASFC explained the importance of incorporating Sustainable Development Goals in the development of rural areas.

The Workshop ended with a Vote of thanks to the Chair.

PUBLIC NOTICE

No. FEA (VII-SFC) 1/2024/12

Dated Dispur the July 23, 2024

The Seventh Assam State Finance Commission (7th ASFC) has been constituted by the Government of Assam under the Chairman Lieutenant General Rana Pratap Kalita, PVSM, UYSM, AVSM, SM, VSM (Retd.), vide Notification No. FEA(SFC) 31/2023/138 dated 01/07/2024 with the following terms of reference:

2. The Commission shall make recommendation as to the following matters:-

- a) The principles, which should govern-
 - i) the distribution between the State of Assam and the Panchayats and Municipalities of the net proceeds of the taxes and duties, levied and collected by the State;
 - ii) the determination of the taxes, duties, tolls and fees, which may be assigned to, or appropriated by, the Panchayats and Municipalities;
 - iii) the grants-in-aid to the Panchayats/ Municipalities from the Consolidated Fund of the State;
- b) The measures needed to improve the financial position of the Panchayats and Municipalities with special references to:-
 - i) the potential for Local Governments to raise funds from financial institutions and the market, and to suggest a mechanism and frame work for realizing the potential;
 - ii) improving the quality of upkeep of assets owned by Local Governments as well as those transferred to Local Governments;
 - iii) improving the financial position of the Panchayats and Municipalities with special emphasis on rationalization of taxes and revenues and user charges collected by Local Governments with innovative methods;
 - iv) achieving economy and efficiency in expenditure by Local Governments;
 - v) providing incentives for higher mobilization of own resources by the Local Governments;
 - vi) maintaining a proper fiscal data base relating to Local Governments;
 - vii) putting in place measures required for improving the capacity of financial management by Local Governments;
 - viii) improving monitoring of the fiscal performance of the Local Governments;
 - ix) improving the measures for quality of service delivery of Local Governments in respect of State Government as well as Local Government programmes;
 - x) Examine the feasibility and make recommendations on creation of urban infrastructure and other civic amenities by the Urban Local Bodies through Public-Private partnership and exploring avenues of viability gap funding.
- c) Any other matter referred to the State Finance Commission by the Governor in the interests of sound financial position of the Panchayats and Municipalities.

3. In making its recommendations the Commission shall have regard, among other considerations, to:-

- i) the objective of balancing the receipts and expenditure on revenue account of both the Local Bodies as a whole and the State Government and each Local Body;
- ii) the resources of State Government, the demands thereon, in particular, the expenditure of the State on maintaining law and order, civil administration, pension, debt servicing including the debt servicing on behalf of Local Bodies and other committed expenditure and need to generate adequate surplus on revenue account for capital outlay and the commitment for maintaining fiscal targets as per Assam FRBM (Amendment) Act, 2022;
- iii) the revenue of the resources of the Local Bodies for the five years commencing on 1st April, 2025 on the basis of the level of collection made during 2019-20 from taxes, duties, tolls, fees, cess etc. levied by the them;
- iv) The impact of the GST, including payment of compensation for possible loss of revenue for 5 years and abolition of a number of cesse, earmarking thereof for

Subject: Recommendations for the Seventh Assam State Finance Commission-reg.

Dear Chairperson,

As a Member of Parliament representing the Jorhat constituency, I am writing to offer my recommendations for the Seventh Assam State Finance Commission. I believe that this commission plays a crucial role in ensuring equitable distribution of resources across the state and promoting development in all regions.

Based on my interactions with constituents and my understanding of the unique challenges faced by various districts in Assam, I propose the following principles which should govern the distribution of the net proceeds of taxes and duties levied and collected by the State between the State of Assam and the Panchayats and Municipalities for the next five years commencing on 1st April, 2025:

1. **Priority-based allocation** should guide the distribution of resources between the State of Assam and its Panchayats and Municipalities. The needs of different local bodies vary significantly based on factors such as population size, geographical area, and socio-economic conditions. Resources should be allocated in a manner that addresses the most pressing needs of its Panchayats and Municipalities, promoting balanced development and improving the lives of all citizens. *The State of Assam should consider providing higher allocations to areas with higher population density, larger geographical areas, and lower socio-economic indicators.*

Performance-based incentives will encourage local self-governments to improve their efficiency, effectiveness, and accountability. By rewarding local bodies that demonstrate exceptional performance, the State government can incentivise them to adopt best practices and deliver high-quality services to their constituents. *The State of Assam should allocate a higher share of resources to local bodies with strong track records in areas such as education, healthcare, and infrastructure development.*

3. **Dedicated compliance units** within local self-governments will ensure effective adherence to existing state and central legislations. *The State of Assam should establish dedicated compliance units within each local self-government, staffed with qualified personnel who are knowledgeable about relevant laws and regulations.*
4. **Regular Internal Audits** are crucial for ensuring compliance with existing state and central legislations, identifying potential risks and vulnerabilities, and promoting good governance. *The State of Assam should allocate funds to local bodies for the establishment and operation of dedicated compliance units.*
5. **Technology-Enabled Compliance** is becoming increasingly essential for local self-governments to effectively adhere to complex legal requirements and ensure efficient operations. Digital platforms can also be leveraged to streamline compliance processes, such as online filing of returns, electronic record-keeping, and digital audits. *The State of Assam should allot funds for the adoption of technology-enabled solutions to streamline compliance processes and improve efficiency including investments in digital platforms, data analytics tools, and cybersecurity measures.*

I believe that by implementing these recommendations, the Seventh Assam State Finance Commission can contribute significantly to the overall development of the state and improve the lives of its citizens.

Thank you for your attention to these matters. I look forward to your consideration of these recommendations.

Yours sincerely,

(Gaurav Gogoi)

To,

Lt. General Rana Pratap Kalita,
Chairman, Seventh Assam State
Finance Commission,
Janata bhawan , Block-1, 2nd floor,
Dispur, Guwahati-06

At the very outset, I would like to convey my sincere thanks for giving me the opportunity to put some suggestions to the Seventh Assam State Finance Commission headed by you relating to increasing the taxes and revenue of Municipalities, Panchayats and Local bodies.

I was elected MLA from Mangaldai LAC in 2001, since then I have been observing the Socio- Economic condition of Darrang District as well as my LAC also. Following are the important points for which it couldn't be accelerate the development of our District as-

- 1) Un-employment problem is a burning issue
- 2) Flood and erosion by the mighty Brahmaputra and its tributaries are losing the agriculture sector and economy in a wide manner.
- 3) No any Industry in the District as the Un- employment problem is increasing day by day and the economy isn't in the up keeping status.
- 4) Only 1/2 small private industries are there owned by SRD Group in Darrang.
- 5) Our state Assam has been specified into two regions like Upper Assam and Lower Assam (non officially), the Socio- economic condition, Culture and Heritage and Living standard of the people of Upper Assam are richer and higher than the lower Assam Zone. Tea garden/Factory/Lime/ Coal mining/Refinery are available in the Upper Assam.

In spite of the above, observing tax collection system in Municipality area-

- 1) Old Tariff (Terriff)

Similarly, the commercial room (shops) has been running in the oldest rate of rent. It requires to increase the rent rate.

2) The Bazar/Market complex aren't hygienic in municipality area. Moreover the shopping complex of municipality area are not set-up systematically. Now a days it becomes like market place in every chowk of that locality near by the urban area. Particularly after the Covid period, the setting up of new small market in the surrounding area near by the town area it become Semi-urban area.

3) The tendency of shopping in malls is Increasing day by day where the buyers can purchase each and every items including the essential commodities and the "Malls" turn to "One Spot shopping Point" where the people get extra other facilities by the Malls' authorities.

In the Semi-urban area (out side urban area) the land value is very low. In such area the rate of selling/ Purchasing of land, water ,electricity tax is low and as well as the other system are also easy and cheap . This is why different types of shoppes, commercial Institution and smalls market are creating like such semi urban place at almost every chowk for which the importance of Township area is reducing gradually. Hence it is very Essential to expand the urban area by inclusion the nearby Semi- Urban(Panchayat) areas . Likely , the taxes and revenues will increase after inclusion of that area.

4) Due to not sufficient training and negligence of elected members and authority don't collect the tax and revenue in actual rate in proper time.

5) The street light installed within the municipality area may be transfed to Solar street light in which electricity bills will reduce in a large amount.

6) A large number of private schools have been setting up in the urban area, but paying the taxes by such institution is a question. Moreover, utilization of CSR funds of such private school, Banks , Company and industries aren't seen generally. The authority of municipality should take initiative to collect CSR fund to increase revenues.

7) To earn more revenues it can be accommodate the Public hall, Marriage Hall,etc in the urban area.

8) The market/Bazar run by municipalities should be monitored properly to earn revenues and it should be shifted to open suitable and safety place amidst from commercial complex with essential facilities.

9) There are so many defunct Board/ Corporation of Assam Govt. which should be abolished to save the miss utilize of Govt. fund.

Panchayat:-

1) The Job card holder never works as skill labour and almost cent percent of MGNREGAS schemes implemented by machineries. So the Job card system may withdrawn the schemes may be implemented involving BDOs and other officials where corruption and misuse of funds will surely be reduced.

2) Excess of contractual employees to implement MGNREGA and PMAY houses than the requirements is an important issue. Further more it to seen that due to limited salaries such employees involve directly in corruption.

3) The beneficiary system like Arunodoi, PM Kishan, rent of Job Card, free ration etc has been making them idle and workless. So, it will beneficial to set-up industries and income generating project by the fund provided to the beneficiaries.

4) It makes corruption in the settlement procedure of Hat-ghat/ Bazar in every District. So the tender system may be completed through digital(online) system in which it will also be reduced as well as income of revenues will increase definitely.

5) The abandoned school building after amalgamation may be transformed to marriage/ public hall.

6) The offices which have been running in rented houses may be shifted to amalgamated schools(left out School).

7) At Bechimari and Kharupetia of our Dist. Darrang and in Barpeta District Produce highest vegetables. The rate of all vegetables are 5-15 Rs. at production area. But in Guwahati and other cities the rate of such vegetables is 40-80 Rs. per/Kg. Due to a gang of middle man the farmers

depriving from sufficient rate. On the other hand, the people of Guwahati and other cities have to purchase the vegetables at sky touching rates. So Govt should ensure the MSP for which the farmers will be benefited and the buyers will not purchase at high rate.

8) Our Govt. has taken a good decision to purchase agricultural products like paddy, Maize and mustard to provide support price to the farmers. But brokers are also involve in such process and as a result the farmers are depriving from support price. So Govt. should look into the matter thoroughly.

9) Agriculture department supplies seeds to the farmers often, But don't grow up the seeds due to dis adjustment of weather and poor quality. So, only approved seeds should or high quality be supplies to the farmers and according to the suitable weather.

10) Department of Agriculture, Irrigation and soil conservation are almost similar line department. Hence, these departments should merged from which working employees will be reduced and then the expenditure of the Govt. will be less.

11) A huge area of cultivating/farming, specially in Assamese area are lying useless. As a result, production of agricultural goods are decreasing gradually. So, it may ensure to farming at wide manner all over the state by assisting necessary seeds, fertilizers and other equipments related to agriculture farming.

12) Collection of taxes and revenues aren't collected properly in panchayat areas. The tax collector and other employees of Panchayat don't perform their duties dedicatively. In my opinion there shouldn't be provided any Govt. allocation to the panchayat as well as they will collect their own fund by taxes and revenues of their own.

13) The abandoned low land, ponds should be taken-up and developed for settlement on lessee for which in a large amount of revenues will be earn.

14) The Ancholic Panchayat may be abolished from the three tyre Panchayat system which is a needless establishment from my perspective. By abolishing the AP system a huge no. of Govt. expenditure will be saved.

15) Most of skill labour like Barber, wash men, street vendor hail from out of the state. Our local boys and men don't interested to do such types of

Jobs at all. Govt. should take initiative to involve our local persons in such works/ Professions.

16) The Hindus celebrate several festivals in a month or within the year like Bihu , Puja etc for which the expenditure of Hindu Community is more than the others. So celebrations of festival should be reduced to save their hard earned money.

17) The ornamental fish production may be a distinguish source of income. The seeds and technique of the same should be imported from other state accordingly.

19) Tea tourism spot can be created in the tea garden area of the state from which revenue will be collected from the tourists.

20)The imported Gamucha, Mekhela chad̐ar and also Dokhona from the other states of the country may be banned immediately and either the concerned Department or the state Government should accommodate the Assamese weavers to product local Gamusa and Mekhela Chad̐ar as cluster basis. Then it will be an income generating scheme by the Govt. as well as the un-employment problem will also be reduced at rural areas.

21) The essential items of daily life like eggs, fish, milk imported from out side of our state for which Government has been losing taxes from it. On the other hand, consumers have to purchase these items at a high rate. So, Government should ensure to product eggs, milk and fish in our state. In such practices, revenue will be increased as well as un employed youth would be involved in such farms/ company for their engagement.

22) Sorry to say that, there are 240 Nos of fish firm in our state, but except the Raha fish farm all others are in defunct condition. So, our Govt. should initiate strong step to make function all the fish farm of the state so that local fish will be available in the market other than the imported fish.

23) The numbers of cold storage in the state is very few. Due to lack of cold storage it couldn't be preserve vegetable, fruits and other essential commodities. As a result the farmers have been depriving from right price. Similarly, we have to purchase the same at high price of rate. State Govt. may accommodate such cold storage in the state from which Govt. will earn

सत्यमेव जयते

MEMORANDUM SUBMITTED TO
Lt Gen(Retd) Mr. RANA PRATAP KALITA
PVSM, UYSM, AVSM, SM, VSM
HON'BLE CHAIRMAN
7th ASSAM STATE FINANCE COMMISSION
BY
SHRI DEBOLAL GORLOSA
HON'BLE CHIEF EXECUTIVE MEMBER
DIMA HASAO AUTONOMOUS COUNCIL

ON THE
04th DECEMBER 2024

Honourable Sir,

At the outset, I would like to extend my warmest greetings and welcome you on behalf of the Dima Hasao Autonomous Council (DHAC) to Haflong as you assume the role of Honorable Chairman of the 7th Assam State Finance Commission.

Your leadership brings hope for the development of our nation, especially in Dima Hasao District. We appreciate this opportunity to present issues concerning the devolution of funds for Rural and Urban Local Bodies under DHAC.

The North Cachar Hills Autonomous District Council was created on 29th April, 1952, under Article 244(2) of the Sixth Schedule to the Constitution (now Dima Hasao Autonomous Council). The Dima Hasao District is administered by Dima Hasao Autonomous Council (DHAC). The Autonomous Council is a powerful body and almost all the department of government are under its control except the Police and Law & Order is under Assam Government.

The District is 4980 sq.km and more than 90 percent of the district is covered by Hills. The district has a total population of 214102 and the density of 44 persons per Sq.Km against the state average of 398 Sq.Km and 695 villages with 5 Development blocks(RLBs) and 7 Urban Local Bodies (ULBs). The district is inhabited by 13 distinct Tribes residing in small hamlets in a scattered manner and each community having their own unique traditions and culture. When the British arrived, this Hills district along with adjacent Karbi Anglong were declared as 'Partially Excluded Areas' and, therefore, official legislation did not apply or were applied with modification as the case may be. On the eve of Independence, various delegation from these two districts made representations before the Bordoloi Committee for a separate autonomous administrative set-up for the safe guard of Tribals who were culturally, ethnically and linguistically distinct from the people of the plain. In order to address the problems of this hilly District and uplift the conditions of the people, a realistic approach in the funding pattern have to be adopted because of its topographical challenges and backwardness. Despite

the provisions of the Sixth Schedule, funding for these areas remains insufficient. The recent 125th Constitutional Amendment aims to enhance resources for District Councils and Village Councils, but until this process is completed, we urge you to consider the devolution of grants under Article 275(1) for our region. Historically, discussions on fund devolution for Sixth Schedule areas have yielded limited outcomes from the 10th to the 15th Finance Commissions along with the State Finance Commission. While the 13th FC recommended Rs. 20 per capita, the 15th FC did not adequately assess DHAC's financial needs, resulting in many years of funding deprivation and apart from this we also have not been receiving regular funding from the State Finance Commission for the RLBs in particular. In light of this, we respectfully submit the following requests for your kind consideration regarding the devolution of funds under the 7th Assam State Finance Commission.

1. That Sir, other excluded states like Meghalaya and Mizoram have been able to secure devolution of rural development funds by enacting their own laws. Consequently, they have not faced deprivation of funds both from the State Finance Commission and the central finance Commission.

2. That Sir, because of many years of funding deprivation, a gap has risen in the level of development and administration between the plains and the hill district. An alarming disparity is evident when examining the Per Capita Plan outlay for 2013-14. The Sixth Schedule areas of Assam, covering a combined area of 24,294 sq.km larger than state Meghalaya, receives a meager Per Capita allocation of Rs. 2,222. In stark contrast, smaller states like Nagaland, Meghalaya, and Mizoram enjoy significantly higher allocations of Rs. 10,106, Rs. 14,004, and Rs. 22,789, respectively¹.

3. That Sir, the DHAC has experienced a revenue deficit of Rs. 36.18 crore in the year 2020-21, Rs. 34.58 crore in 2021-22, Rs. 15.22 crore in 2022-23 and Rs. 53.23 crore in 2023-24, thus averaging at Rs. 34.80 crore. Similarly, an increasing trend of revenue deficit is also seen in the ULBs, with Rs. 1.56 crore in 2020-21, Rs. 0.68 crore in 202-22,

Rs. 4.87 crore in 2022-23 and Rs. 9.58 in 2023-24 averaging at Rs. 4.17 crores for the last 4 Financial Years.

4. In comparison, neighboring states such as Nagaland, Meghalaya, and Mizoram received substantial revenue deficit grants under the Thirteenth Finance Commission, totaling Rs. 8,146 crores, Rs. 2,811 crores, and Rs. 3,991 crore, respectively, for the period 2010-2015. In contrast, the Sixth Schedule areas of Assam received no such support².

5. That Sir, the 15th FC in its report, Para 7.66, noted that *"in order to promote uniformity of approach across all states in the matter of devolution to local governments, we recommend that grants shall be distributed to even those areas which are not required to have Panchayats (5th & 6th Schedule areas and excluded areas) in order to augment their resources available for providing basic services by their respective local level bodies"*. Therefore, there should be preferential treatment for these areas in terms of fund allocation and as such we plead for grant of one time compensatory package of an amount of Rs.1 Crore per CDC at grass root level in addition to Rs 5 crores normal devolution per RLBs during the 16th FC and 7th Assam State Finance Commission.

6. As pointed out in above Sl.No 3 DHAC has been facing average annual revenue deficit of Rs 34.80 Cr. and 4.17 Cr. in ULBs. We plead for a one time compensatory grant of Rs. 35 Cr. for the coverage of the district council expenditure deficit of one year and the grant of Rs 200 Crores as normal devolution under the 7th ASFC and one time compensatory grant of Rs 10 Crores per ULB in addition to the normal devolution of Rs 50 Crores per ULB under the 7th ASFC.

7. The funds requested in points 5 and 6 above is summarized in the table below :

Sl. No.	Particulars	Nos. of CDC/RLB/UJ.B	Amount reqd. per year in crores	Terms	Total fund requirement in crores
1.	Grant for Development Schemes for CDCs	28	1.00	5	140.00
2.	Grant for Development schemes for ULBs	7	10.00	5	350.00
3.	Fund requirement for meeting financial deficit of DHAC and ULBs		45.00	5	225.00
4.	Special Grant to DHAC for infrastructure development.		50	5	250.00
5.	Compensatory grants for ULBs	4	10	1	40.00
6.	Compensatory grants for CDCs/RLBs	28	1	1	28.00
GRAND TOTAL					1033.00

8. That Sir, under the 15th FC, 60% of funds for eradicating open defecation and maintaining water and sanitation hygiene in villages left insufficient resources for other developmental projects. Therefore, it is essential to increase the allocation of funds under 7th ASFC to support additional development initiatives.

9. Furthermore, the combination of low population density and challenging topography leads to higher per capita costs for delivering essential services. To address this, a funding parity should be established with states like Meghalaya, Mizoram, Nagaland, and Arunachal Pradesh. It is worth noting that the KAAC and DHAC share a geopolitical history with Meghalaya and Mizoram. The Government of Assam, in its memorandum to the 13th Finance Commission, strongly advocated for equitable funding between KAAC, DHAC, and the above mention neighbouring states.

10. That Sir, The Dima Hasao Autonomous Council expresses its intention to nominate 1 (one) member to the State Finance Commission for representation from our Council which is crucial for effectively highlighting the unique challenges and prospect faced by our district. As you are aware that the DHAC plays a pivotal role in the governance and development of our district and its imperative that the concerns of this Council are adequately addressed in the matter pertaining to Finance. By nominating a member to the State Finance Commission, we can ensure that the financial needs and aspirations of our Council are recognized and reflected in the decision-making process. This representation will enable us to articulate specific issues and advocate for measures that promote the Council's financial stability.

11. Regarding the allocation of funds and sharing of tax proceeds between the State Government and the Council, we wish to express our concern about the current method of fund allocation, which is based solely on population. This approach does not adequately address the unique challenges posed by the hilly geography of our district. The Council believes that a need-based allocation would better serve the interests of Dima Hasao. The district's entirely hilly terrain presents distinct challenges that require a tailored financial approach. The existing allocation pattern which relies heavily on population fails to meet our basic financial needs and hinders our responsibilities to the people of our district. Therefore, we earnestly request the Government to consider a need-based criterion for fund allocation rather than relying primarily on population metrics. We believe that such an approach will help us address critical infrastructure and

development projects essential for the well-being of our district, ensuring that allocated financial resources are used efficiently to meet our diverse needs.

12. Moreover, the DHAC strongly urges a reevaluation of the current population-based funding method. The sparse and scattered population of Dima Hasao, with a density of just 45 per sq.km, adversely affects our funding allocation.

13. Currently, the Council receives fund from the Government through the Finance (Economic Affairs) Department. However, we must adhere to the terms and guidelines set by the Panchayat & Rural Development Department for Rural Local Bodies and the Directorate of Municipal Administration for Urban Local Bodies. These requirements limit our ability to prioritize schemes based on local needs, leaving little room for flexibility even under the un-tied grant.

In conclusion, Sir, you are considered as a guiding force for the Dima Hasao Autonomous Council in its endeavour for creating a significant transformation in the economic and social landscape and also earnestly request your goodself to address our problems and grievances place before you. This change is essential for fulfilling the aspirations and hopes of the various communities in our district for ushering a brighter future for generations to come.

Thanking you.

JUTHAI

Yours' sincerely

(DEBOLAL GORLOSA)
Chief Executive Member
Dima Hasao Autonomous Council

Guwahati Municipal Corporation

MEMORANDUM TO THE
7TH STATE FINANCE
COMMISSION

By:

Mayor, Guwahati

Guwahati Municipal Corporation

MEMORANDUM TO THE **7TH STATE FINANCE COMMISSION**

A. Introduction

Guwahati, the largest metropolis and the gateway to Northeast India, is a rapidly growing city with ancient roots, historically known as Kamrupa and Pragjyotishpur. It is part of the Indo-Burma Biodiversity Hotspot and serves as the capital city of Assam, covering a total area of 216.79 sq. km. The Guwahati Municipal Corporation (GMC), established under the Guwahati Municipal Corporation Act of 1971, manages and develops the city.

As urbanization accelerates, GMC has expanded its responsibilities to provide sustainable and inclusive municipal services to an estimated population of 1.5 million in 2024, along with an additional 0.5 million floating population who visit the city for healthcare, tourism, pilgrimage, education, and business purposes.

GMC delivers a wide range of municipal services, including:

- Property management (e.g., property tax assessments, mutations)
- Infrastructure development (e.g., roads, drains, public toilets)
- Waste management
- Water supply
- Urban flood management
- Community health initiatives (e.g., anti-malaria and anti-dengue operations)
- Livelihood schemes for urban Self-Help Groups under NULM
- Housing schemes for the urban poor under PMAY

B. Sources of Funds for GMC

1. Central Finance Commission Grants
2. State Finance Commission Grants
3. Own Source of Revenue
4. State Owned Priority Development (SOPD) Fund

Guwahati Municipal Corporation

C. Challenges Requiring Increased Financial Support

Guwahati's unique geography and climate present significant challenges to infrastructure development. Surrounded by 18 hills, 8 reserve forests, 1 Ramsar site, 5 minor rivers, and the Brahmaputra River, the city's topography complicates urban planning. The seismic nature of the region further adds to these challenges. Guwahati also faces recurrent disasters, such as flooding caused by water convergence from nearby hills.

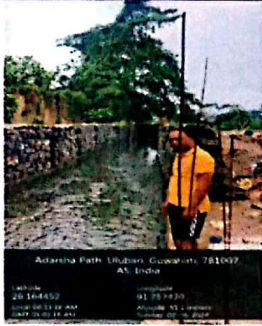

The city's cosmopolitan demographic, including a mix of ethnic groups and a substantial floating population, necessitates robust and inclusive urban management. Decades of underinvestment, partly due to insurgency, have left critical gaps in infrastructure that demand substantial financial interventions for sustainable growth.

D. Major Achievements of GMC

1. Storm Water Drain Construction:

- o GMC constructed 3 stormwater drains over the past two financial years. These projects have significantly reduced urban flooding by facilitating the rapid drainage of excess rainwater, enhancing the resilience of the city's infrastructure.

Photographs:

	
Stormwater drain at AGP Goli	Stormwater drain near Superspeciality Hospital

Guwahati Municipal Corporation

2. Solid Waste Management Projects:

- GMC has achieved substantial progress in managing solid waste by completing key projects, such as:
 - A 150 TPD Refuse Transfer Station and 100 TPD Material Recovery Facility at Old Jail Campus
 - A 300 TPD Waste-to-Compost Plant at Belortol
- Other ongoing projects include:
 - A 150 TPD Refuse Transfer Station and 100 TPD Material Recovery Facility at Adabari
 - A 50 TPD Refuse Transfer Station and 10 TPD Material Recovery Facility at Panjabari
 - The Bio-Mining of Legacy Waste Project at Boragaon

Photographs:

Guwahati Municipal Corporation

3. Liquid Waste Management:

- GMC inaugurated a 20 KLD Faecal Sludge Treatment Plant this year and is in the process of expanding its capacity to 80 KLD, addressing critical issues related to wastewater treatment.

Photographs:

4. National Clean Air Mission:

- As part of its initiatives under the National Clean Air Mission, GMC procured advanced equipment for waste collection and road maintenance, including:
 - 4 road sweeping machines
 - 6 water sprinklers
 - 120 e-tricycles
 - 60 EV auto tippers
- These efforts have improved cleanliness and air quality in the city.

Photographs:

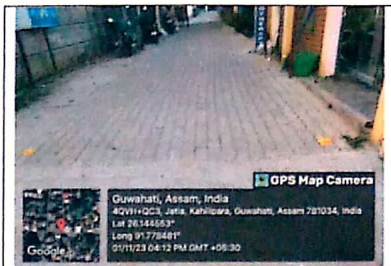

Guwahati Municipal Corporation

5. Road Construction:

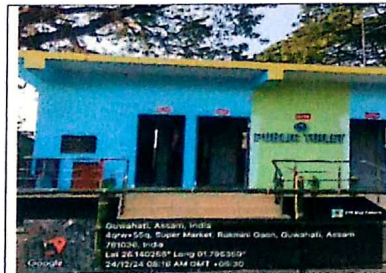

- Over the past year, GMC has constructed 415 roads across the city, improving connectivity and enhancing citizens' ease of movement.

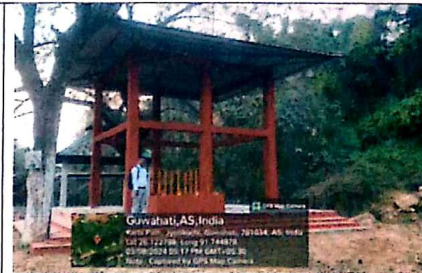

Construction of Road

6. Construction of Civic Amenities:

- In the last one year the corporation has completed numerous projects for upgrading the civic infrastructure of Guwahati. These include:
 - 61 Community Hall,
 - 29 Cremation grounds,
 - 67 Toilets

Public Toilet at Dispur Supermarket

Cremation ground at Jyotikuchi

Guwahati Municipal Corporation

7. Flood Mitigation:

- o The corporation has undertaken extensive desilting operations, clearing 292 drains and 5 major rivers (Bharalu, Mora Bharalu, Bahini, Basistha, and Lakhimijan). These efforts have mitigated the risks of urban flooding.

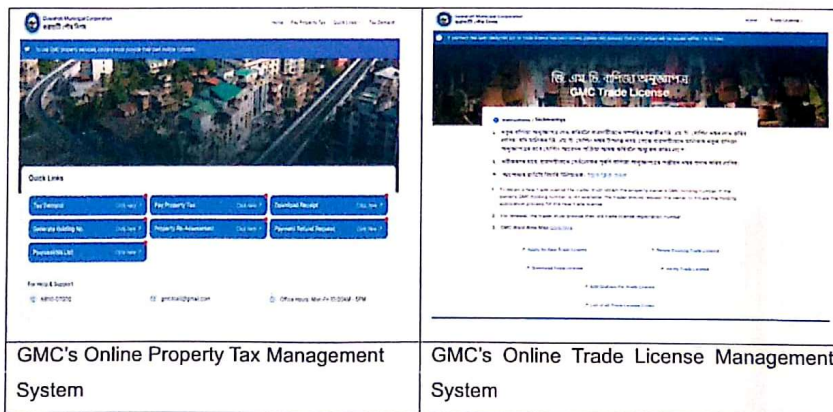

Desilting at Mora Bharalu River

Desilting at Bharalu River

8. E-Governance Initiatives:

- o GMC has implemented several digital initiatives to improve citizen-centric services, such as enabling online property tax payments and streamlining the issuance and renewal of trade licenses.

GMC's Online Property Tax Management System

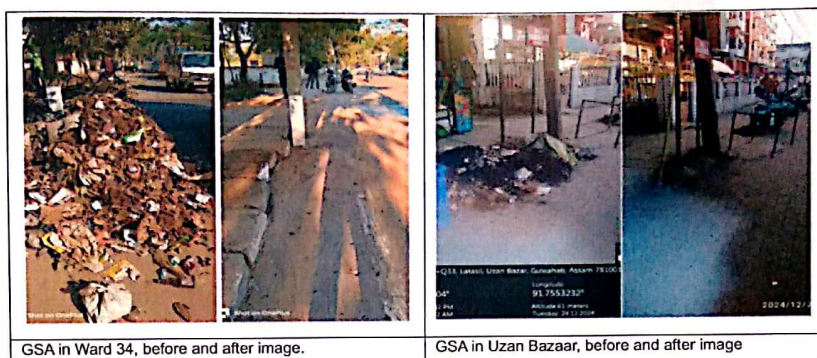

GMC's Online Trade License Management System

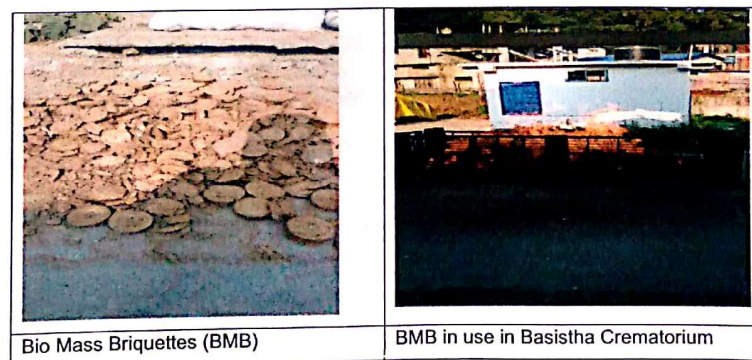

Guwahati Municipal Corporation

E. Notable innovative measures taken by GMC in recent years

1. **Guwahati Swacchata Abhiyan:** A 3-month campaign aimed at cleaning Guwahati's lanes and raising awareness about sustainable practices like waste segregation, avoiding single-use plastics, and improving sanitary habits. It deploys 37 special task force teams across the city and IEC agents in GMC divisions. The initiative has been well-received, with over 80% of surveyed citizens supporting it.

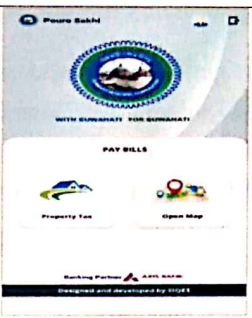

2. **Usage of Bio-mass briquettes in Basistha Crematorium:** GMC has introduced bio-mass briquettes, made from paddy and wheat stalk residues, as a sustainable alternative to wood for cremation. This reduces air pollution and minimizes the environmental impact of stubble burning by utilizing agricultural waste.

Guwahati Municipal Corporation

3. **Engagement of Pouro Sakhi:** This app-based property tax collection initiative involves women from self-help groups (SHGs) to assist digitally challenged citizens with door-to-door services. The program ensures tax compliance while empowering women and enhancing GMC's citizen-centric service delivery.

F. Major Requests from the 7th State Finance Commission

1. Storm water Drain Management:

- o Construction and maintenance of storm water drainage systems are essential to mitigate heavy rainfall impacts and urban flooding. Estimated expenditure in the 7thASFC period: ₹9557.00 Lakhs.

2. Solid Waste Management (SWM):

- o Funding for the construction of new waste transfer stations, material recovery facilities, processing plants, and the procurement of machinery for waste management. Estimated expenditure in the 7thASFC period: ₹19,644.00 Lakhs.

Guwahati Municipal Corporation

3. Road and Drain Maintenance:

- Construction and maintenance of roads and drains across the city to improve infrastructure reliability and citizen mobility. Estimated expenditure in the 7thASFC period: ₹31,854.00 Lakhs.

4. Market Development:

- Construction of organized market buildings and market hubs in prominent areas such as Uzanbazar, Paltanbazar, Hengarabari, Supermarket, Adabari, Jyotikuchi etc to support local businesses and generate employment. Estimated expenditure in the 7thASFC period: ₹8000.00 Lakhs.

5. Public Toilets and Community Halls:

- Construction of public toilets and community halls in various city locations. Estimated expenditure in the 7thASFC period: ₹8070.00 Lakhs.

6. Flood Mitigation Equipment:

- Procurement of specialized machinery, including drain-cleaning machines and dumpers, to enhance urban flood mitigation efforts. Estimated expenditure in the 7thASFC period: ₹5397.00 Lakhs

7. Street Lighting and High Mast Lighting:

- Installation and maintenance of streetlights in major lanes and bylanes to ensure safety and accessibility. Estimated expenditure in the 7thASFC period: ₹6123.00 Lakhs.

8. Urban Flood Mitigation:

- Activities include desilting major river channels, constructing silt chambers, guard wall in hilly terrain and maintaining equipment like super sucker machines. Estimated expenditure in the 7thASFC period: ₹34,510.00 Lakhs.

Guwahati Municipal Corporation

9. Revenue Expenses:

- o Allocation for GMC employee pensions, arrears, salaries, allowances etc. and to implement the Staffing Pattern notified by the Guwahati Development Department, Govt. of Assam. Estimated expenditure in the 7thASFC period: ₹1, 01,796.00 Lakhs.

10.E-Governance:

- o Investment in IT infrastructure, including a new Integrated Command and Control Centre and other digital initiatives. Estimated expenditure in the 7thASFC period: ₹530.00 Lakhs.

11.Civic Infrastructure:

- o Construction and maintenance of civic facilities such as bus stands, cremation grounds, vending zones etc and development of GMC office infrastructure based upon the growing nature of city boundary in near future. Estimated expenditure in the 7thASFC period: ₹5000.00 Lakhs.

A brief summary of all major requests are :-

SI no	Major heads	Grant asked for (in Lakhs)
1	Storm water Drain Management	9557.00
2	Solid Waste Management (SWM)	19,644.00
3	Road and Drain Maintenance	31,854.00
4	Market Development	8000.00

Subject: Proposal for Boring Water Provisions in Ward 09
Respected Sir/Madam,

I, Archana das, the Ward Councillor of Ward 09, write to bring to your attention the severe water scarcity faced by the residents of our ward. Due to the limited availability of water, people are compelled to buy water regularly, which has caused financial strain and inconvenience for many households.

To address this critical issue, I propose the installation of three new boring water systems in the following locations within Ward 09:

1. **Nilachalpur**
2. **BG Colony**
3. **Goshala**

These areas are particularly affected by the water shortage, and the installation of a boring water supply will provide a sustainable and reliable water source to meet the daily needs of the residents.

I request you to kindly approve and prioritize this proposal under its water supply improvement initiatives. Additionally, I am willing to work closely with the concerned departments to facilitate the necessary surveys and ensure the efficient implementation of these projects.

The timely implementation of these proposals will significantly enhance the quality of life in our ward by reducing water scarcity and dependency on purchased water.

I trust you will consider this request on an urgent basis and initiate the necessary procedures.

Thank you for your understanding and support.

Yours sincerely,
Archana Das

Subject :- Application for construction of roads and providing water facilities, CCTV cameras and street lights.

Sir,

Most respectfully and humbly, I, Mrs Gauri Borah, Ward Commissioner (GMC), Ward no 58, would like to inform you that in my ward, many roads are in pathetic condition and are under constructed. There is also lack of water facilities in my area. The roads of my Ward also lacks CCTV cameras for security purposes and electric street lights.

Therefore, I request you to look after the matter and provide me with the above facilities.

Your kind consideration will be highly appreciated.

ALL ASSAM CIVIC BODIES WORKERS FEDERATION

HEAD OFFICE - NALBARI :: ASSAM

Regd. No. 561

**MEMORANDUM SUBMITTED BEFORE THE HON'BLE CHAIRMAN,
SEVENTH (7TH) ASSAM STATE FINANCE COMMISSION
GOVT. OF ASSAM
DISPUR : GUWAHATI**

**By the ALL ASSAM CIVIC BODIES WORKERS FEDERATION
On the 2nd August, 2024 at Dispur, Guwahati**

Respected Sir,

At the outset, We on behalf of the employees of all the Municipal Boards of the State express our gratitude and heartfull thanks for allowing us to bring to your kind notice the following few facts pertaining to the matter under your kind consideration.

1. **Regarding provincialisation of the Municipal employees under the Assam Municipal Employees Act. 2021.**
2. **Regarding Non-payment of Salary and wages.**
3. **Regarding arrear salaries liabilities of ULB's employees as per ROP RULE 2010.**
4. **Regarding issuing notification of staffing pattern of ULBs.**
5. **Provision of Pension Benefit for the employees of ULBs.**
6. **Regarding ULBs under 6th Schedule Areas.**

Regarding provincialisation of the Municipal employees under the Assam Municipal Employees Act. 2021.

That Sir, The Municipal employees and workers of Assam engaged on essential services and performing the most various important & development works of Municipal Boards but still now are economically and Socially underprivileged and not shocking to enlighten you that sometime they are serving empty stomach to provide civic amenities to the tax payers. There are instances of committing suicide by Municipal employees for not being able to provide minimum requirements of his dependents, non availability of treatment for want of money for his family.

The salary and wages of regular and muster roll (i.e. sweepers and drain cleaners) employees of Municipal Boards including terminal benefit of regular employees constitute the main component of establishment. The 6th Assam State Finance Commission defined the financial position of the urban local bodies (ULBs) as very poor which are hardly in a

ALL ASSAM CIVIC BODIES WORKERS FEDERATION

HEAD OFFICE - NALBARI :: ASSAM

Regd. No. 561

(2)
position to provide quality civic services to the urban dwellers. As per 2011 census, Assam is one of the less urbanized State of India with only 14.08 percent of the population living in urban areas. Despite the slow pace of urbanization, ULBs of Assam have not been able to provide the minimum required civic amenities and infrastructure to the city dwellers. The major effort of ULB administration is therefore concentrated on maintenance of their employees.

Considering the poor financial condition of the ULBs of Assam and on consideration of proper Improvement and better management of the Municipal Boards "**All Assam Civic Bodies Workers Federation**" raised the demand of provincialisation of services of the Municipal employees.

It is gratifying to note and you also know that a **Land Mark Decision** regarding the Provincialise/posting a total of 1653 Nos. of in-service regular employees who were appointed on or before 04th Sept. 2013 in different ULBs through the Society Act under the Directorate of Municipal Administration. The payment of salary of these employees including all the additional service benefits, annual increments, etc. as are admissible to the Govt. Employees of similar categories shall be paid by the State Government through the society after long lasting series of democratic agitation undertaken by the municipal employees.

Already on 31st May 2021, the Legislative Department, Government of Assam has published the Gazette Notification deciding provincialisation of 1653 municipal employees out of total strength of 5170 posts vide No.LGL.03/2021/8 dated 31/05/2021 (copy enclosed as annexure -A).

Now, only Proposal for appointment of employees with budget provision is required for implementation of the Assam Municipal Employees Act.2021. However, no positive steps have been done on the part of the Govt., for which we are eagerly waiting for.

In view of the above, it is prayed that your honour kindly to look into the matter sympathically and to take necessary recommendation for implement of the Assam Municipal Employees Act.2021.

Regarding Non-payment of Salary and wages :

That sir, the salary and wages of regular and muster roll (i.e. sweepers and drain cleaners) employees of Municipal Boards constitute the main component of establishment. The total financial involvement against the existing employees of ULB's both in general and 6th schedule areas of Assam as follows:

ALL ASSAM CIVIC BODIES WORKERS FEDERATION

HEAD OFFICE - NALBARI :: ASSAM

Regd. No. 561

(3)

Sl. No.	Area	No. of ULBs	No. of Existing employees		Total Nos. of Employees	Financial Involvement (Rs.)
			Regular & Fixed Pay staff	Safai and Drain cleaners		
1	2	3	4	5	6 (4+5)	7
1	In General Areas	81	2179	3243	5422	123,20,76,708
2	In 6 th Schedule Area	22	521	217	738	30,20,65,920
Total-		103	2700	3460	6160	153,41,42,628

That Sir, The Municipal employees and workers of the State have not received their salaries in the most of ULBs from 6-37 months. Most of the ULBs are not able to meet the salary due to their poor collection of own resources. The Municipal authorities are expressed their inability to pay the salary of the Municipal Employees for non-release of devolution fund (revenue gap) from the Govt. of Assam.

It is therefore most humbly urged that your honour kindly to make necessary necessary provision of Devolution Fund for the payment of salary and wages of Municipal Employees in Assam.

REGARDING ARREAR SALARIES LIABILITIES OF ULB'S EMPLOYEES AS PER ROP RULE 2010.

That sir, the employees of ULBs including the retired employees are suffering badly for non-payment of arrear salaries liabilities of difference amount between revised and pre-revised scale as per ROP 2010 w.e.f. 01-04-2011 to 31-03-2014 of amounting to **Rs.24,16,16,940.00** (Rupees Twenty four crore sixteen lakhs sixteen thousand nine hundred forty) only. Which amount was returned back by the ULB's to the Govt. as per W.T. message of finance department vide No. FEA (SFC) 137/2011/Pt-I/81, dtd.18/02/2024 along with the Treasury Challan.(copy enclosed).

The ULB wise statement showing the Arrear Salary Liabilities of difference amount between revised and pre-revised scale w.e.f. 01-04-2011 to 31-03-2014 of amounting to Rs.24,16,16,940.00 is enclosed herewith for favour of your ready reference.

The matter was raised by this federation in a meeting with the commissioner and secretary to the Govt of Assam, Urban Development Department and Finance Department held on 11th May 2016. During the discussion it was decided that the Director Municipal

ALL ASSAM CIVIC BODIES WORKERS FEDERATION

HEAD OFFICE - NALBARI :: ASSAM

Regd. No. 561

(4)

Administration will prepare a report on funds which is due to the employees on account of pay revision expeditiously (*Copy enclosed as Annexure B*). The Director Municipal Administration had already been submitted the such report to the Finance Department (E.A.) (copy enclosed)

In view of the above, it is prayed that your honour kindly to look into the matter in its actual perspective for making necessary provision of special fund considering the measure condition of the ULBs employees particularly to retired employees.

Regarding issuing of staffing pattern of ULBs :

That Sir, the Municipal Boards of the state do not have any Uniform staffing pattern till today. There is no uniformity in staff strength across the Municipalities within the state. There are some ULBs which are over staffs, while there are some ULBs with inadequate staff. The ULBs have been appointing their employees haphazardly for which the employees of ULBs do not get their salary in time. As a result the employees of the ULBs often go to the strike thus affecting the basic civic services to the residence of the ULBs.

In order to eliminate the this mismatch in the staff strength and considering the poor financial condition of the Municipal Boards in the state, this federation relentlessly urging upon the Govt. of Assam in the matter and requested to provide a uniform staffing pattern for ULB's.

This matter was discussed in the 4th Assam State Finance Commission and the Commission recommended a uniform staffing pattern for the ULB's on the basis of population as per 2001 census. The state cabinet meeting held on 04/09/2013 has approved the staffing pattern and staff strength of ULB's at 5170 with their corresponding pay scales as per ROP Rule'2010. Now only issue of notification by the Urban Development Department, Govt. of Assam is required for implementation of the Cabinet decision.

In this connection, it may kindly be mentioned here that Guwahati Development Department has already been issued the notification of proposed staffing pattern vide No.GDD 316/2010/Pt./10 dated- 17/06/2017 based on Cabinet decision on 04/09/2013.

In view of the above, we would request your honour kindly to make necessary recommendation for issuing notification of the approved staffing pattern for ULB's of the state as decided by the Cabinet of Govt. of Assam.

Provision of Pension Benefit for the employees of ULBs :

That Sir, both the Union Government and State Government are committed to ensure security as well as welfare of an employee and his dependent family after superannuation providing service for the peoples throughout his service life. But in case

ALL ASSAM CIVIC BODIES WORKERS FEDERATION

HEAD OFFICE - NALBARI :: ASSAM

Regd. No. 561

(5)

of Assam it is most unfortunate that when this benevolent government under the leadership of our dynamic and popular Hon'ble Chief Minister Dr. Himanta Biswa Sarma have undertaking so many scheme/project for the livelihood of the weaker section of the society, the Municipal Employees after rendering service of his entire active life compelled to go on street begging for the maintenance of the livelihood of his family. There are instances of committing suicide by retired Municipal Employees for not being able to provide minimum requirements of his dependents, non availability of treatment for want of money for himself and/or his wife, old mother etc.

That Sir, except Assam in almost all other states provisions of pension for the employees of ULBs are there.

That Sir, we sincerely believe that the pathetic condition mentioned above of a Municipal employees after superannuation will surely attract your kind and sympathetic attention and there will be an end of such distress condition of ULBs employees with make necessary provision of fund for pension benefit for the retired employees of ULB's.

Regarding ULBs under 6th Schedule/BTC :

That Sir, the employees of the ULBs under the 6th Schedule area have been suffering a lot for non payment of their salary for months together. This Federation urges upon the Govt. to find out a way so that the salary component of the Govt. grant can be directly sent to the concern Deputy Commissioner/ Sub Divisional Officer to ensure the payment of the salary of the employees/workers under the devolution fund.

The employees and workers of the urban local bodies under Sixth Schedule areas are also confronting the same crisis like those other than these areas. Therefore we submit a request before you that they should also be brought under same provision of provincialisation.

In the above premises, the All Assam Civic Bodies Workers Federation most humbly and respectfully urges upon the Hon'ble Chairman of this August Committee to be kind enough to consider the apathetic condition of the employees of the ULBS of the state while preparing their report and for which act of your kindness we shall ever pray.

Yours faithfully

For and on behalf of the All Assam Civic Bodies Workers Federation.

(Sunil Kr. Sarma)
President
All Assam Civic Bodies
Workers Federation.

(Gias Ali)
General Secretary
All Assam Civic Bodies
Workers Federation.
Mob. No. 9435088456

MEMORANDUM
TO
16TH FINANCE COMMISSION
FROM
KARBI ANGLONG AUTONOMOUS COUNCIL
(Autonomous Council under Sixth Schedule Areas provision)

- 1 During the pre-independence period, the tribal areas of the composite State of Assam confined, by and large, to the hill districts were administered differently. Government of India Act, 1919 classified these areas as Backward Tracts while Government of India Act, 1935 treated them as excluded and partially excluded areas. The Constitution of India also accorded special status to these areas by way of granting them the status of Sixth Schedule. However, the size of the Sixth Schedule areas of the composite State of Assam started to decline gradually in the wake of reorganization of the State. Following the enactment of the North Eastern Areas (Reorganization) Act, 1971, the Sixth Schedule areas of truncated Assam stood reduced to two hill districts only viz., Karbi-Anglong and North Cachar. The latter was subsequently renamed as Dima Hasao district. The composition of Sixth Schedule areas of Assam remained as such till February 2003.
- 2 The total area under Sixth Schedule is 24,294 Sq. Km which accounts for 30.97% of the geographical area of the State. As per 2011 census, the total population under Sixth Schedule area is 43,43,935 which is 13.90 % of the total State population. The average density of population is 178 per Sq. Km. The demographic feature of these areas is summarized in Table 4.1 below.

Demographic Features of Karbi Anglong Autonomous Council

Sl.No.	Features	KAAC
1	Date of Creation	23-06-1952
2	Area (Sq. Km)	10,434
3	Population (2011 Census)	
	i) Rural	8,43,347
	ii) Urban	2,69,489
4	Density (per Sq. Km)	107
5	No. Of District	2
6	Nos. Of district head quarter	2
7	No. of Sub-Division	4
8	No. of Revenue Circle	4
9	No. of Development Block	11
10	Nos. Of MAC constituency	26
11	Nos. Of TVDC/CWDC	866
12	No. of Villages	2928
13	No. Of ULBs	22
	i) Municipal Board	9
	ii) Town Committee	13

J. A. (R. B.)
8/2/25

- 3 The total area of the twin hill districts under the administrative control of Karbi Anglong Autonomous council , which originally constituted the Sixth Schedule areas of the State, is 15324 Sq. Km and accounts for nearly 12.94% of the geographical area of the State. As per 2011 census, the total population of the twin hill districts is 11,12,836 which constitutes 3.57% of the total population of the State. The population density per Sq. Km is 105.93 for twin hill district under Karbi Anglong Autonomous Council.
- 4 The majority of population in the hill districts belongs to the category of Scheduled Tribe (Hills). As per 2011 census, nearly 56 % and 71% of the population of Karbi-Anglong belong to the category of Scheduled Tribe (Hills). Agriculture is the mainstay of the tribal communities. But agricultural operation is mostly carried on shifting method of cultivation, hence the yield is never economically remunerative. Consequently, the people are generally poor and deprived of basic amenities of life.
- 5 The administration of the hill districts has been vested with the Autonomous District Council (ADC) which was subsequently renamed as Autonomous Council (AC). The AC consisted of maximum 30 members both elected and nominated. In case of Karbi-Anglong 26 members are elected and 4 nominated. In Dima Hasao 24 members are elected and 4 nominated. Each AC, unless dissolved earlier, continues for a period of five years from the date of its first meeting. The AC is headed by a Chairman followed by a Deputy Chairman.
- 6 The ACs are vested with enormous powers involving executive, legislative and judicial functions encompassing their inherent and entrusted subjects. Their inherent subjects consist of land use, jhum cultivation, primary education, forest, fisheries, market, cattle pound, ferries etc. Apart from the inherent subjects, 30 subjects are delegated to them by the Government of Assam (GoA) along with funds and functionaries. In the field of financial administration, the ACs are authorized to assess, levy and collect taxes on land and buildings, tax on profession, trade, calling etc., extraction of minerals and royalty thereon, entry tax, tax on animals, boats and vehicles.
- 7 The legislative powers of the ACs include enactment of laws in respect of management of land, forests other than reserve forests, shifting cultivation, establishment of village councils, town committees, other customary laws such as appointment/succession of village chief or headman, inheritance of property, marriage and regulation and control of money lending and trading by non-tribal.
- 8 Under the judicial powers the ACs are authorized to constitute village councils or courts for trial of suits and cases between parties who belong to tribal communities only. The delegation of executive, legislative and judicial powers to the ACs makes them a miniature State.
- 9 The Executive Body of Karbi Anglong Autonomous Council vide their Resolution No 24 , Dated 2.11.2023 decided to create the Traditional Village Development Council (TVDC) comprising between 500 to 1000 population for tribal villages and Community Welfare Development Committee (CWDC) for non-tribal Village comprising for the population of 3000 to 5000 in the areas of KAAC and accordingly 866.nos. TVDC and CWDC have been identified which are in process for approval by the Govt. Of Assam .
- 10 Consequent upon the 73rd Amendment of the Constitution, a Memorandum of Understanding (MoU) was signed between the ACs and the Chief Minister of Assam. As per the MoU, apart from 30 entrusted subjects, 29 subjects listed in Schedule XI for PRIs were delegated to the ACs. The executive power of these subjects stood delegated to the ACs by a resolution of the State Legislature under Notification No. HAD/57/95/268-269 dated 25.09.1996.
- 11 The MoU further envisaged that to finance the expenditure on the delegated and entrusted subjects, Government of Assam will release funds to the ACs on a half yearly basis and in return the ACs will submit detailed accounts every month to the Accountant General, Assam.
- 12 With regard to financial empowerment, para 8 of the Sixth Schedule empowers the Autonomous Council to levy and collect (i) taxes on land and building and tolls on persons, (ii) taxes on professions, trades, callings and employments, (iii) taxes on animal, vehicles and boats, (iv) taxes on the entry of goods into a market for sale therein and tolls on passengers and goods carried in ferries.

- 13 Apart from the above sources of tax allocated to the ACs, para 9 of the Sixth Schedule provides that such share of the royalties accruing each year from licenses or leases for extraction of minerals granted by the State Government shall be made over to the respective Council where from such royalties accrued. Paras 8 and 9 together constitute the sources of own tax and non-tax revenue of the ACs.

Table:1. below shows the own revenue collection vis-à-vis non plan revenue expenditure and revenue gap of the Karbi Anglong Autonomous Council for the year of 2021-22 to 2023-24.

Table :1: Non-Plan Revenue Deficit of Autonomous Councils

(Rs. in lakh)

Autonomous Council	2021-22	2022-23	2023-24
1. Own Tax Revenue (including GIA)	10732.60	11894.50	26071.36
2. Revenue Expenditure	16416.61	24588.81	27210.84
3. Revenue Gap (2-3)	-5684.01	-12694.31	-1139.48

- 14 It will be seen from the above Table that the Karbi Anglong Autonomous Council collected revenue amounting to Rs. 107.33 crore during 2021-22. In per capita terms it works out to Rs.964.47 only. In contrast their non-plan revenue expenditure during the same period was Rs.164.17 crore. In per capita terms it is Rs.1475.24. As a result, This gives a rough idea about the shortfall in revenues of the Autonomous Council in a given year and during the five-year period it is likely to be of the order of Rs 2000 Crore. It is of utmost importance that appropriate devolution takes place to cover the revenue gap of the Sixth Schedule districts.
- 15 Financial Assistance for Sixth Schedule Areas: Another related issue is the release of funds to the KarbiAnglong, Dima Hasao (hill districts) and the Bodo Territorial Autonomous Districts (BTAD) of Assam covered under Sixth Schedule of the Constitution of India. Earlier funds were provided to these districts out of the funds received under Annual Plan as NCA, SPA and Untied SCA. Ensuring smooth flow of fund has now become a problem due to the non-availability of dedicated plan fund. The discontinuation of the financial assistance being provided by Government of India for Hill Areas Development Programme (HADP) has also further aggravated the problems of flow of fund to both the hill districts. The population of the hill districts is more than 14 lakhs and the population of BTAD is 31.52 lakh. This is comparable to the states which were carved out of Assam such as Meghalaya, Nagaland and Mizoram with a population of 29.64 lakh, 19.80 lakh and 10.91 lakh respectively as per 2011 Census. Adaptation of a dedicated mechanism to provide financial assistance to overcome critical infrastructural gaps in the backward region of BTC, KAAC, DHAC thus has become a necessity.
- 16 It is pertinent to mention that during the planning era the Sixth Schedule areas of Assam had always been less privileged in the matter of annual plan allocation compared to other States of the region. The neighbouring States of Meghalaya, Nagaland and Mizoram, which were carved out of Assam at different points of time and are much smaller in size and population compared to the Sixth Schedule areas of Assam, had been blessed with much larger plan outlays. In per capita term, the annual plan outlays of these States had been 5 to 10 times larger than that of similar areas of Assam. As a result, these areas perennially lagged behind others in respect of all the social and economic indicators. This aspect needs to be looked into and a suitable compensation package is necessary to help these areas to come up to the level of rest of Assam and India.

- 17 As regards the status of rural and urban local bodies in Sixth Schedule areas, the 73rd and 74th Constitutional Amendments excluded these areas from the applicability of the provisions contained in the relevant Articles. Nevertheless, all Central Finance Commissions set up after the aforesaid amendments have earmarked a certain portion of the local body grant recommended by them for the Sixth Schedule areas albeit these areas being treated as excluded.
- 18 However the SFCs of Assam, so far, have been recommended devolution or grant for the local bodies of Sixth Schedule areas.
- 19 Against this backdrop, the GoA reconstituted the defunct Fifth ASFC and asked it to revisit its earlier report in the light of the recommendations of the 14th Finance Commission and also to assess the requirements of the PRIs and ULBs in the excluded areas. The Fifth SFC has worked out the financial requirement at Rs. 376 crore per year and Rs. 1880 crore for a five-year period. It is requested that the 15th Finance Commission take cognizance of this amount being a liability of the GoA to the Autonomous Councils.
- 20 In all Sixth Schedule areas Urban Local Bodies (ULB) function in the same manner as in the General Areas. There are a total of 22 ULBs in these areas. Out of this, 9 (nine) is a Municipal Board (MB) of which 6 (six) in Karbi Anglong and 3 (three) in West Karbi Anglong. The remaining 13 are Town Committees (TCs) of which 10 (ten) are in Karbi Anglong District and 3 (three) in West Karbi Anglong District which have already been notified through Assam gazette. It is hoped that the 16th Finance Commission would look into this requirement.
- 21 It is evident that both PRIs and ULBs in excluded areas are totally starved of fund and functionaries. The solution lies in bringing them within the ambit of recommendations of the SFC and CFC. In this regard, the respective Autonomous Councils have expressed their willingness and even taken necessary legislative measures in favour of extending the Constitutional Amendments to the Sixth Schedule Areas. However, fact remains that the ultimate authority for enacting any legislation in this matter is the Parliament. State Political Department has taken initiative with the Ministry of Home Affairs, Government of India for bringing the Sixth Schedule within the ambit of 73rd and 74th Constitutional Amendments.
- 22 At last but not the least, In view of the above, the Karbi Anglong Autonomous Council could not meet up the demands of the locality to the tune of their needs due to the huge amount of deficit of their net revenue collection causing shows a gap of development. In the light of the above we earnestly request the Commission to provide the following facilities of development on utmost priority at the both the district under the Territorial Jurisdiction of Karbi Anglong Autonomous Council.
 - a). Development of road connectivity including drainage facility
 - b). Allocation under development social forestry
 - c). To avoid erosion and encroachment of natural drain a scientific drainage facility including sewerage system is highly necessary at the urban areas.
 - d). To meet the modern treatment facility at the existing 46 nos. different health centre, up-gradation of the same is required with all modern facility.
 - e). To meet the present educational facility the educational institute both for Primary and Higher is required to be upgraded with all modern facility.
 - f). The centrally sponsored scheme like JJM is in process most of the remote area at rural area could not meet the demands of drinking water facility at the said areas due to the hilly terrain, as such at least 4-5 RCC ring well for all villages be provide.

- g). Most of the villages are lack of Burials cum Cremation ground , at least one such ground is utmost required in each and every Villages .
- h). Diphu town had got the Swacchata and Most developing city award(50K-100K) among the North eastern state of India in three consecutive year from the Ministry of Housing and Urban Development , Govt. Of India , but due to lack of modern equipment for cleanliness of the city , it's difficult to continuing the process of cleanliness at present , hence necessary facility is highly requested for all urban areas .
- i). Most of remote rural areas could not reach the facility of Electric power, for the said areas the Solar Power Plant (mini) is urgently required
- j). Public Utility Centre providing with waiting shed & Community Toilet and Public Toilet including Pink Toilet at both Urban and Rural Areas are required.
- k). City Public Transport facility at the urban areas is required.
- l). Development of existing water bodies with necessary amusement facility.
- m). De-centralised Waste processing facility at each and every village of rural areas.
- n). Development of Street vending Zone including SHG hut at both the Urban and Rural areas.
- o). River front development at the urban areas.
- p). Urban & Rural library with digital facility in both urban and Rural areas
- q). Up gradation by Providing with Boundary wall, electric connection, dormitory at the existing Rural Sports Stadium at 26 nos. MAC constituency.
- r). Development of existing natural beauty sites including the waterfall
- s). Children amusement park at each and every urban and rural areas
- t). Office building with all facility for the newly created TVDC & WCDC under Rural areas.
- u). Constituency Office building for 26 nos. MAC constituency
- v). Handloom and Weaving production centre at most of the urban and rural areas to facilitate the SHG/ALF
- w). Minor Irrigation plant at Rural areas.
- x). Solar Street light facility at Urban areas and Street corner at Rural areas.
- y). Highly sophisticated Sanitation and Sewage facility at Urban areas.
- z). Community Centre at each and every wards of Urban areas and in each and every TVDC/WCDC of rural areas.

OFFICE MEMORANDUM

Dated Lakhipur, the 29th July '25

OFFICE OF THE LAKHIPUR MUNICIPAL BOARD

Lakhipur, Dist: Goalpara-783129

Lakhipurtc1972@gmail.com

No. LMB-37/2022/14

Dated Lakhipur, the 29th July/25.

OFFICE MEMORANDUM

To,

The chairman,
7th Assam State Finance Commission,
Dispur, Guwahati-781006

Subject: Submission of Proposal for Infrastructure Development Projects within Lakhipur Municipal Board Area in public interest.

Respect sir,

The following few lines are laid before you to draw your kind attention please.

The Lakhipur Town Committee was established in 1972. Lakhipur is the second town in the Goalpara district. Lakhipur town a rapidly expanding urban town in Goalpara district, Assam, is presently facing increasing pressure on its basic urban infrastructure due to rising population and urban migration. With a current estimated population of approximately 22,000+, the town has witnessed significant growth in residential and commercial activities over the past decade. However, it remains underdeveloped and requires numerous infrastructural development initiatives. The town has not progressed in line with current needs and continues to face a shortage of basic civic amenities, primarily due to financial constraints. The absence of paved or damaged internal roads, and insufficient civic amenities such as market sheds, parks, and public halls/auditorium have contributed to declining service delivery and quality of life. Hence, there is an urgent need of comprehensive infrastructure development to ensure sustainable urban growth, and improved living standards for the residents of Lakhipur.

After a detailed field assessment and public consultation and demand, the Board has proposed the following projects that are mentioned below-

The proposed projects along with estimated costs and locations are tabulated :

Sl no.	Name of the scheme	Ward no.	Estimate Amount	Remarks
1.	Construction of Lakhipur Children Park/Greenwood Park with Children's Park with Play Equipment, Ward No.04 under Lakhipur M.B., Dist-Goalpara	Ward No.04	Rs. 200.00 Lakhs	Currently, the town lacks adequate recreational facilities, especially for children and families. The development of this park, equipped with modern play equipment and green spaces, will provide a safe and engaging environment for children's physical and social development. It will also serve as a communal space for residents to relax, exercise, and foster a healthier lifestyle
2.	Construction and Improvement of Internal Roads and Drains	Various wards	Rs.1000.00 lakhs	Many of the existing internal roads are either unpaved, damaged, or poorly maintained, causing inconvenience to residents and hampering smooth vehicular and pedestrian movement.
3.	Submission of proposals for Construction/improvement of modern market at Lakhipur daily bazaar, Ward No.09, Lakhipur MB (G)	Ward No.09	Rs. 1000.00 lakh	The existing market lacks basic infrastructure such as proper roofing, drainage, sanitation facilities, organized stalls, and waste management systems, which negatively impacts both vendors and customers.
4.	Construction of a Multi-purpose Auditorium of 500 seat capacity	Ward No.03	Rs.500.00 lakh	At present, the town lacks a dedicated venue to host public gatherings, cultural programs, official events, educational seminars, and community functions. As a result, various events are either held in inadequate spaces or are forced to be conducted outside or in congested spaces, causing inconvenience to the local population. A well-equipped auditorium will serve as a hub for cultural, educational, and civic engagement, promoting local talent and community participation
Total			Rs. 2700.00 Lakhs(i.e Rs. 27.00 Crores)	

The above projects are proposed keeping in view the increasing civic demands, socio-economic development, and public benefit. These infrastructures will provide

much-needed recreational, commercial, and social facilities to the local population and will go a long way in fulfilling the developmental needs of the area.

We, earnestly request that any amount of financial support deemed feasible may kindly be considered, which shall be gratefully acknowledged by this Board/Office.

And lastly, I would like to express my sincere appreciation for your strong leadership and unwavering commitment in bringing lasting peace and development to Assam. Your dedication has been instrumental in shaping a brighter future for our state. I also humbly pray to God the Father to bless you with good health, strength, and a long life in service of the people.

॥ জয় আই অসম ॥

With the utmost humility and respect.

Yours faithfully

(Shri Rajesh Prasad Gupta)
Chairman,
Lakhipur Municipal Board

Letter No: SAAGNA/HT/27/2025/99-C

Date : 12 August, 2025

To

The Chairman

7th Assam State Finance Commission, Assam, Guwahati

Old Chief Minister Block

Ref:

1.FEA(SFC)53/2020/323 dated 02/06/2022

2.CPRD/6th ASFC/37/2022/15 dated 08/06/2022

Subject: Request for resubmission of proposal and sanction of funds under Specific Grant Schemes as per the award of the ASFC.

Sir,

With reference to the above, it is respectfully submitted that the Hon'ble State Cabinet had approved the recommendations of the 6th Assam State Finance Commission (ASFC), under which a provision of ₹ 2 crore (Rupees two crore only) was earmarked for the development of Haldha village (Cleanest village of Darrang) under Darrang Zilla Parishad.

It is, however, a matter of regret that despite furnishing all requisite information and submitting the complete details of the proposed schemes to Darrang Zilla Parishad within the stipulated time, the said amount could not be availed due to reasons unknown to us. The proposed schemes were aimed at promoting rural tourism in the area, and their non-implementation has caused considerable disappointment among the villagers, who had earlier earned appreciation from the Hon'ble Prime Minister of India for their community efforts.

In view of the above, you are requested to kindly take necessary action to facilitate the resubmission of the proposal and to sanction an amount of at least ₹ 5 crore (Rupees five crore only) for the present development of Haldha village. It is further requested that necessary instructions be issued to the Darrang Zilla Parishad to expedite the process and extend all possible support towards the implementation of the schemes.

An early and favourable consideration of this request will be highly appreciated.

Yours faithfully

No. BGP

Date- 12/08/2025

To

The Chairman
7th Assam State Finance Commission
Old CM Block
Guwahati, Assam

Date : 12th August, 2025

Subject: Request for Sanction of Proposed Schemes at Burha GP, Darrang

Respected Sir,

I, on behalf of the concerned Gram Panchayats, respectfully submit the following proposals for sanction under the 7th Assam State Finance Commission for the development of rural infrastructure, livelihood promotion, and public welfare at the GP level.

The proposed schemes with estimated costs are detailed here..

1. Building of Community hall ₹50.00 lakh
2. Market Shed ₹1.50 crore
3. Kassa Road (land road) ₹ 50 lakh per year
4. Creation of Playground & Bio-ground ₹20.00 lakh
5. Plantation of Social Forestry ₹5.00 lakh for 5 years
6. Construction of School Boundary ₹20.00 lakh
7. Solar Light Installation ₹5.00 lakh for 5 years
8. Godown (Block Level) ₹1.50 crore
9. Cold Storage ₹1.50 crore
10. One Model village in Burha GP ₹ 10 crore
11. Waste management system and waste carrier vehicle ₹ 5 crore
12. Market Shed for GP ₹ 1Crore
13. Land developement (Earth filling) for each village ₹ 2 crore
14. Cleanliness drive in each villages ₹ 5 lakh in each year
15. Installation of Dustbins for waste disposal ₹ 30 lakh

16. Development of Haldha village (Cleanest village of Darrang) ₹ 2 crore in each year
17. Cold Storage at GP Level ₹ 2 crore
18. Veterinary Facilities in each Block
19. Strengthening & Maintenance of Anganwadi Centres ₹ 1Crore
20. A rural Museum at Haldha which reflects socio Economic and cultural scenario of rural life ₹ 2 crore
21. Encouragement of Rural Artisan ₹ 1 crore
22. A corpus fund to facilitate and award to Social workers, teachers, students, Artisans, cultural icon, Farmers, weavers, Writers etc at GP Level ₹ 5 crore.
23. Cremation ground in each village ₹ 30 lakhs

These schemes are crucial for improving rural infrastructure, agricultural support, education, environmental sustainability, and socio-economic growth of the area.

Therefore, I earnestly request you to kindly examine the above proposals and sanction necessary funds for their timely implementation under the provisions of the 7th Assam State Finance Commission.

To,

The Chairmen of 7th State Finance Commission Assam.

বিষয়ঃ- নগৰবাহী গাঁও পঞ্চায়তৰ কাৰ্যালয়ৰ গৃহ নিৰ্মাণৰ অনুদান অনুমোদনৰ বাবে আবেদন।

মহাশয়,

সন্মান পূৰ্বক নিবেদন এই যে, ১৯৯২ চনতে স্থাপিত হোৱা দৰং জিলা পৰিষদৰ অধীনৰ পশ্চিম মঙ্গলদৈ উন্নয়ন খণ্ডৰ অন্তৰ্ভুক্ত নগৰবাহী গাঁও পঞ্চায়ত খনিৰ এটি গৃহ আছে যদিও বৰ্তমান গৃহটিৰ জৰাজীৰ্ণ অৱস্থা। আন হাতে গাঁও সভা সমূহ অনুষ্ঠিত কৰিবলৈ আমাৰ ঠাইৰ অভাৱ হয়। মহাশয় যদি পঞ্চায়তৰ বিল্ডিং হয় তেন্তে আমাৰ কাৰ্যালয় সভাকক্ষ আটাইবোৰ অভাৱেই দূৰ হব। সেয়ে মহোদয়ৰ ওচৰত আবেদন জনালোঁ।

গতিকে মহোদয় অনুৰোধ জনাওঁ যে উক্ত গাঁও পঞ্চায়তৰ নামত এটি গৃহৰ অনুদান অনুমোদন জনায় আমাক কৃতার্থ কৰে যেন।

এয়ে মহোদয়ৰ ওচৰত সৰল মিনতি।

শ্ৰদ্ধাৰে-

(শ্ৰী বিশ্বজিৎ হাজৰিকা)

সভাপতি

OFFICE OF THE
KHARUPETIA MUNICIPAL BOARD
KHARUPETIA :: DARRANG

No. KMB/Misc./2025-26/354

Dated Kharupetia...12/8...August.,2025

MEMORANDUM

To,

The Honorable Chairman,
7th Assam State Finance Commission,
Guwahati, Assam

Subject: Allocation of Funds for Infrastructure Development in Kharupetia Municipal Board

Respected Sir,

We, Kharupetia Municipal Board, Darrang, Kharupetia, are writing to submit a comprehensive memorandum to the 7th Assam State Finance Commission, highlighting the pressing need for infrastructure development in our ULB. Our proposal focuses on several key projects that will significantly enhance the quality of life for residents, promote economic growth, and improve overall civic amenities.

Project Proposals:

1. **Town Hall:** A modern Town Hall is essential for community gatherings, cultural events, and civic functions. We request allocation of funds for the construction of a Town Hall that can accommodate 600 people and provide a venue for various events. The Town Hall will serve as a hub for community activities, fostering social cohesion and civic engagement.
2. **Sports Stadium:** A Sports Stadium will promote physical activity, sports development, and community engagement. We propose the construction of a stadium with facilities for [list sports, e.g., football, cricket, athletics]. The stadium will host local, state, and national-level sports events, promoting sports tourism and economic growth.
3. **Harijan Colony:** We request funding for the development of Harijan Colony, focusing on infrastructure such as roads, lighting, and community facilities. This will improve the quality of life for residents, enhance property values, and promote economic activity in the area.

4. **Outlet of Drainage System:** A proper drainage system is crucial for public health and sanitation. We propose the construction of an efficient drainage system, including outlets, to prevent waterlogging and ensure a clean environment. This will reduce the risk of waterborne diseases and improve overall public health.

5. **Market Complex:** A modern Market Complex will provide a conducive environment for local businesses, enhancing economic activity and employment opportunities. We request funds for the construction of a complex with 100 shops each and facilities for vendors. This will promote entrepreneurship, support local economic growth, and provide a convenient shopping experience for residents.

6. **Platform for SHGs Members:** Self-Help Groups (SHGs) play a vital role in promoting entrepreneurship and economic empowerment. We propose the creation of a platform for SHGs, providing a space for showcasing products, training, and networking. This will enable SHGs to access markets, develop their skills, and improve their livelihoods.

7. **Solid Waste Management Machineries:** Effective solid waste management is essential for maintaining public health and cleanliness. We request allocation of funds for the procurement of solid waste management machinery, including [list specific equipment, e.g., Super sucker, JCB, Segregated waste collection vehicle etc.]. This will improve waste collection, transportation, and disposal, reducing the risk of environmental pollution and public health hazards.

Rationale:

These projects will have a significant impact on the quality of life for residents, promoting:

- Community engagement and social cohesion
- Physical activity and sports development
- Economic growth and employment opportunities
- Public health and sanitation
- Entrepreneurship and economic empowerment for SHGs
- Environmental sustainability through effective waste management

Implementation Plan:

We propose the following implementation plan:

- **Project Timeline:** All Project will be implemented in phase manner

1. **1st Phase:** will be completed by 2027-28

2. 2nd Phase: will be completed by 2028-29
3. 3rd Phase: will be completed by 2029-30
4. 4th Phase: will be completed by 2030-31

- Funding Allocation: We request allocation of funds for each project, in phase manner

1. 1st Phase: 4.00 cr
2. 2nd Phase: 5.00 cr
3. 3rd Phase: 6.00 cr
4. 4th Phase: 7.00 cr

- Project Management: Kharupetia Municipal Board with line departments will oversee project implementation, ensuring transparency and accountability

Benefits:

These projects will benefit:

- Residents of Kharupetia Municipal Board will enhancing their quality of life and providing access to better civic amenities
- Local businesses, promoting economic growth and employment opportunities
- SHGs, empowering them to showcase products and develop entrepreneurship skills
- The environment, through effective waste management and reduced pollution

Detailed Project Reports:

We have prepared detailed project reports for each project, including:

- Town Hall: The project will cost 6.00 cr and will be completed within two years. The Town Hall will have a seating capacity of 600 nos and will feature [list amenities, e.g., auditorium, meeting rooms, exhibition space].
- Sports Stadium: The project will cost 4.00 cr and will be completed within two years. The stadium will have facilities for [Toilets, Changing rooms, Pavilion room, compound wall with proper drainage systems] and will host local, district, state, sports events.
- Horizon Colony: The project will cost 3.00 cr and will be completed within two years. The development will include [list infrastructure, e.g., roads, lighting, community facilities, toilets, drinking water facility].

- Outlet of Drainage System: The project will cost 5.00 cr and will be completed within one and half years. The drainage system will serve 4000 households and will reduce the risk of waterborne diseases.
- Market Complex: The project will cost 3.00 cr and will be completed within two years. The complex will have 100 shops and facilities for vendors, promoting entrepreneurship and local economic growth.
- Platform for SHGs Members: The project will cost 1.00 cr

Moreover, we have a liability of Rs. 60.00 lakhs in deferent Projects

- Under the 5th Finance Commission a Market building at 1st Floor over existing market building along the office building of Kharupetia Municipal Board with an administrative approval amount of Rs. 20.00 Lakh.
- Under the 5th Finance Commission a Passenger Facility Centre at 1st floor over the existing ground floor building of Majestic Public Bus Stand with an administrative approval amount Rs. 40.00 Lakh.

The state Government has approved the project converted from 5th AFSC to 6th AFSC vide Minutes of the 2nd State Level Monitoring Committee (SLMC) meeting held on 17th September, 2022.

To,

The Respected Chairman
7th ASFC under GOA Finance (Economic Affairs)
Deptt, Dispur, Ghy - 06

Sub:- Submission of Memorandum/Appeal for the Socio- Economic Development of GP Levels PRI's as well as better services to Rural Livelihood peoples.

Ref:- 1. Your kind letter No.-FEA(VII-ASFC)16/202/149 dtd- 27/08/2025

2. CEO, ZP, Kamrup(M) letter No- KMZP(D) 272/7th ASFC/2024-25 dtd- 30 July, 2025.

Sir/ Madam,

At the outset, we the all Gaon Panchayat newly elected PRI's under comprising President, Vice President and all Ward members under Dimoria Dev. Block, Sonapur, Kamrup (M).

Sir/ Madam, we have the honour to lying some facts in favour of all Gaon Panchayat level PRI's under Dimoria Anchalik Panchayat before your kind perusal and recommendation:-

A. At present GP Level PRI's remuneration is as follows:-

1. GP President @ 5,000/- PM - since last 10 years
2. GP V/ President @ 3,000/- PM -since last 10 years
3. GP Ward Members @ 2,000/- PM - since last body

It is very unfortunate that huge level Rural welfare works have been satisfactorily doing through GP worker but no PRI's remuneration increased even though increasing MPs & MLAs remuneration every six months corner.

We requesting you to increase our respective salary or remuneration whatever case may be as follows:-

1. GP President @ 25,000/PM - Plus Medical Allowance as per real daily life consumption on the market rate.
2. V/President @ 15,000/- PM- - do-
3. Ward member @ 10,000/- PM -do-

B. That Sir, it is specially mentioned in Assam Panchayat Act 1994 to have Travelling Allowance (TA) to GP President/ Vice President as per GP Budgetary structure but due to Notification given for P& RD Deptt. Vide No- PDA.29/ 2022/11 ctd- 25th April, 2022, the GP OSR A/c also decreased for which no PRI's T.A. smoothly availed.

We urged to your kind attention to give special allowances to GP pay more attention towards rural local people in Socio- Economic Development.

C. As per your kind notice through Commission P& RD, Ghy, Panjabari vide email No- <ruralassam @ yahoo.co.in> dtd -Thu. Jul 3, 2025 at 7.02 PM where it was captioned as intimation Sought from District on Interest & Land Availability for Proposed 7th ASFC Projects and we have already submitted some innovative projects list as per feasibility through concerned CEO, ZP for your kind recommendation.

Sir, in this regard we Co-ordially requested you to get this fund directly to GP A/c for proper & smooth implementation hassle free from any middle interceptor.

We assure your better GP property establishment including conservation and creating GP OSR structure like other states in India corner.

D. Least but not Last, we the GP PRI's have wish to get Vehicle service as like as other state for quick and intermediation to the grassroot women cooker in the rural hamlets.

This is for favour of your sympathetic consideration.

Yours faithfully

All GP Level PRI's under Dimoria
Anchalik Panchayat Kamrup (M), Assam.

PUBLIC NOTICE

No. FEA (VII-SFC) 1/2024/12

Dated Dispur the July 23, 2024

The Seventh Assam State Finance Commission (7th ASFC) has been constituted by the Government of Assam under the Chairman Lieutenant General Rana Pratap Kalita, PVSM, UYSM, AVSM, SM, VSM (Retd.), vide Notification No. FEA(SFC) 31/2023/138 dated 01/07/2024 with the following terms of reference:

2. The Commission shall make recommendation as to the following matters:-

a) The principles, which should govern-

- i) the distribution between the State of Assam and the Panchayats and Municipalities of the net proceeds of the taxes and duties, levied and collected by the State;
- ii) the determination of the taxes, duties, tolls and fees, which may be assigned to, or appropriated by, the Panchayats and Municipalities;
- iii) the grants-in-aid to the Panchayats/ Municipalities from the Consolidated Fund of the State;

b) The measures needed to improve the financial position of the Panchayats and Municipalities with special references to:-

- i) the potential for Local Governments to raise funds from financial institutions and the market, and to suggest a mechanism and frame work for realizing the potential;
- ii) improving the quality of upkeep of assets owned by Local Governments as well as those transferred to Local Governments;
- iii) improving the financial position of the Panchayats and Municipalities with special emphasis on rationalization of taxes and revenues and user charges collected by Local Governments with innovative methods;
- iv) achieving economy and efficiency in expenditure by Local Governments;
- v) providing incentives for higher mobilization of own resources by the Local Governments;
- vi) maintaining a proper fiscal data base relating to Local Governments;
- vii) putting in place measures required for improving the capacity of financial management by Local Governments;
- viii) improving monitoring of the fiscal performance of the Local Governments;
- ix) improving the measures for quality of service delivery of Local Governments in respect of State Government as well as Local Government programmes;
- x) Examine the feasibility and make recommendations on creation of urban infrastructure and other civic amenities by the Urban Local Bodies through Public-Private partnership and exploring avenues of viability gap funding.

c) Any other matter referred to the State Finance Commission by the Governor in the interests of sound financial position of the Panchayats and Municipalities.

3. In making its recommendations the Commission shall have regard, among other considerations, to:-

- i) the objective of balancing the receipts and expenditure on revenue account of both the Local Bodies as a whole and the State Government and each Local Body;
- ii) the resources of State Government, the demands thereon, in particular, the expenditure of the State on maintaining law and order, civil administration, pension, debt servicing including the debt servicing on behalf of Local Bodies, and other committed expenditure and need to generate adequate surplus on revenue account for capital outlay and the commitment for maintaining fiscal targets as per Assam FRBM (Amendment) Act, 2022;
- iii) the revenue of the resources of the Local Bodies for the five years commencing on 1st April, 2025 on the basis of the level of collection made during 2019-20 from taxes, duties, tolls, fees, cess etc. levied by the them;
- iv) The impact of the GST, including payment of compensation for possible loss of revenue for 5 years and abolition of a number of cesse, earmarking thereof for

compensation and other structural reforms programme, on the finances of Centre and States;

- v) The commission may consider proposing measurable performance-based incentives for Local Bodies and councils.
4. In making its recommendations on the various matters aforesaid, the Commission shall adopt the population figures of that Census for which PRI-wise and ULB-wise figures are available in all cases where population is regarded as a factor for determination of devolution of taxes and duties and grants-in-aid.
5. The Commission shall indicate the basis on which it has arrived at its finding and make available the Local Body wise estimates of receipts and expenditure.
6. The Commission shall prepare its report on the basis of the Templates of the 13th Finance Commission of Government of India, with such modifications as may be necessary.
7. While making assessment of the resources of the Local Governments, the Commission shall also make recommendation on devolution and grant-in-aid for the Local Bodies of the three Autonomous Councils under the Sixth Schedule.
8. The Commission shall make its report available to the Governor of Assam by **16th December, 2024** on each of the matters aforesaid, covering period of five years commencing on the 1st April, 2025.

The Seventh Assam State Finance Commission invites views and suggestions on issues related to terms of reference from the members of the general public, institutions and organizations in writing by **31st August, 2024** to Shri Hemanta Kumar Dewri, Member Secretary, Seventh Assam State Finance Commission, Finance Department, 1st Floor, Block-F, Janata Bhawan, Dispur, Guwahati- 781006. Conduct of Workshop

Minutes of the Meeting on Workshop for PRIs Questionnaires of 7th Assam State Finance Commission (ASFC) held on 31/07/2024 at SIPRD, Khanapara, Guwahati.

A meeting cum workshop of the 7th Assam State Finance Commission was held on 31/07/2024 under the Chairmanship of the Hon'ble Chairman, Lieutenant General Rana Pratap Kalita, PVSM, UYSM, AVSM, SM, VSM (Retd.) in the presence of Hon'ble Members of the Commission. The meeting was attended by Senior Officers of P&RD Department, CEOs of Zilla Parishads, Project Directors of DRDA and officials of Finance Department.

At the very outset, Shri Hemanta Kr. Dewri, Special Secretary, Finance Department & Member Secretary, 7th ASFC, explained the aim and objectives of the Workshop. He added that,

- for the smooth functioning of the ASFC, the Commission must have a clear idea of the ground reality,
- therefore, a questionnaire has been shared with all the districts which will fetch the details of the financial status of the local governing bodies and
- based on the data provided by the districts, a clear path towards holistic rural development shall be laid down within the stipulated time.

Dr. J.B. Ekka, Principal Secretary, P&RD Dept. and Member, 7th ASFC in his keynote address explained that,

- for the smooth functioning of local governing bodies like Gaon Panchayats, they must be self-sustained in terms of revenue generation.
- To get an accurate recommendation on how the local bodies can generate revenue and perform well from the ASFC, the report submitted by the districts should be accurate and detailed.

He also requested all the CEOs & PDs to understand the format, analyse the data and submit the reports promptly so that the recommendation process can be completed within time.

Hon'ble Chairman, 7th ASFC, in his remarks, emphasised that the reports submitted by the districts will help to formulate principles for devolution of fund from States to LBs and to plan developmental projects in the next 5 years.

Further, he suggested:

- All the questionnaires should be explained to the GPs properly.
- The filled-up questionnaires must be submitted by 02.09.2024.
- The existing system of GP will be used to submit the Data.
- A Video Conference may be conducted to interact with the GP/ AP members.

The Hon'ble Chairman, 7th ASFC, also urged the districts to share development ideas and best practices adopted by them so as to incorporate the same in the report of the Commission.

Smti. Debleena Sengupta Das, Joint Director, Finance (Economic Affairs) Department explained the Questionnaires on PRIs and shared that,

- There will be 3 sets of Questionnaires which will be filled up by the ZPs, APs and GPs respectively.
- Proper care must be taken in putting the population figure (as per Census, 2011);
- Amounts must be reflected in proper units (Rs. in thousand);
- ZPs & APs must take proper care while scrutinizing and compiling the data regarding units in which the amounts are reported.
- The PRIs must prioritize the demands for the next five years with proper justifications.

- o **The required information must be submitted within the stipulated time (02/09/2024)**
- o As the Commission is going to visit the PRIs shortly, a Memorandum may be kept prepared for submission to the Commission.
- o The field visit programme of the AFSC members will be shared in due time.

Shri Debeswar Malakar, IAS (Retd.), Member, 7th ASFC added that districts should arrange a ground level meeting for coordination with the staff from all the levels of PRIs.

Shri Mrinal Kanti Dutta, Economist, IIT, Guwahati, Member, ASFC explained the importance of incorporating Sustainable Development Goals in the development of rural areas.

The Workshop ended with a Vote of thanks to the Chair.

Sd/-
Chairman,
Seventh Assam State Finance Commission

Memo No.FEA(VII-SFC) 2/2024/119-A

Taxation Powers of GMC

The GMC is authorized by the Gauhati Municipal Corporation Act, 1971 to levy and collect the following taxes and duties.

Under Section-144(1)

1. (a) Property taxes
- (b) A tax on draught animals, vessels and vehicles not mechanically propelled
- (c) A tax on theatre etc
- (d) A tax on advertisement other than advertisement in newspapers
- (e) A duty on transfer of property and
- (f) A tax on professions, trade and callings

Under Section-144(2)

2. In addition to the taxes mentioned above, GMC may levy any or all of the following taxes.
 - (a) A betterment tax on properties whose value may have increased as a result of town planning undertaken in the city.
 - (b) A tax on dogs kept within the city
 - (c) A toll on vehicles and animals entering the city but not covered under clause (b) of sub-section (1).
 - (d) Market dues on persons exposing goods for sale in any market or in any place belonging to Government or the Corporation.
 - (e) A drainage tax where a system of drainage has been introduced.
 - (f) A tax on pilgrims.
 - (g) A tax on passengers and goods carried by roads or inland waterways.
 - (h) A toll on the new bridges constructed by the Corporation
 - (i) Octroi and
 - (j) Any other tax with the prior approval of Govt of Assam

Under Section-145

3. The Corporation may levy, with the Sanction of Government, a surcharge on any tax, other than taxes on professions, trade and callings, for the purpose of providing any specific civic service or amenity.

Taxation Powers of ULBs

The ULBs are authorized by Section 68 of the Assam Municipal Act, 1956 to impose the following taxes, fees and tolls:

- (a) A tax on holdings situated within the municipality assessed on their annual value, payable by the owner.
- (b) A water tax payable by the owner or occupier, on the annual value of holdings.
- (c) A lighting tax, payable by the owner or occupier, on the annual value of holdings.
- (d) A latrine tax, payable by the owner or occupier, on the annual value of holdings.
- (e) A drainage tax, payable by the owner, where a system of drainage has been introduced.
- (f) A tax on private markets, payable by the owner.
- (g) Licence fees on carts, carriages, and animals used for riding or burden.
- (gg) Licence fees in connection with trade and business.
- (h) A fee on the registration of dogs and cattle.
- (i) A fee on boats mooring within the municipality
- (j) Tolls on bridges
- (k) A betterment fee on holdings in any area of which value has increased due to improvement schemes completed at Board's cost.
- (l) Fees for setting up and maintenance of fire brigade
- (m) Fees for conducting at the cost of the Board, any scheme of social service for the improvement of public health.
- (n) With the sanction of the State Government any other tax, toll, rate or fee,
